ii. Executive Summary

[24 CFR Part 903.7 9 (r)]

At PHA option, provide a brief overview of the information in the Annual Plan

With the assistance of the Board of Commissioners, our residents and the administrative staff of the Housing Authority, we have assembled the Housing Authority of Nelson County's Annual Plan. The Plan addresses all the statutory components as required by the Department of Housing & Urban Development (HUD). In keeping with its mission the Housing Authority will work toward fully utilizing all funding available to the Authority so as to maximize the results in an environment of limited funding. This Plan was assembled using the most current information available at the time and does not reflect any changes of availability of funding by HUD.

This Plan required that we take a detailed look at the Housing Authority and determine where we want to be and how we are going to get there. The results of the Authority-wide analysis were not surprising, as we have addressed many of the components in the past. The jurisdiction for the Housing Authority of Nelson County is Nelson County, North Dakota. We used statistics provided in the Consolidated Plan for North Dakota to accurately reflect the needs of the Housing Authority of Nelson County. After analyzing the information contained in these statistics, our experiences and our waiting list, two conclusions can be drawn from the results of the study. First, there is not a need for additional affordable housing in Nelson County and secondly, continued capital improvements to the existing public housing stock is necessary. A priority list of capital improvements was developed to ensure long-term viability of the existing public housing.

Lastly, while we cannot ourselves meet the entire need identified here, we will try to address some of the identified needs by using appropriate State and local sources, including private sources, to help improve the affordable housing available in our county. Be assured, the Housing Authority of Nelson County will continue to do what we do best; provide affordable housing to low-income residents through the provision of financial assistance programs, supportive services, and effective management.

Attachment G: Housing Needs

The Quality Housing and Work Responsibility Act of 1998 requires housing authorities to set forth in our Annual Plan a Needs Assessment of the Housing needs of our jurisdiction and our waiting list. We then are required to state how we intend to address those needs.

Since the Nelson County Housing Authority (NCHA) serves Nelson County, North Dakota, we utilized information contained in the 1999 Action Plan for the North Dakota Consolidated Plan 1995-1999. We also augmented this information with additional data from the 1990 Census that relates to our service area. This information indicates that there is not currently a significant need for additional affordable housing projects in our service area.

The information analyzed was gathered from the 1999 Action Plan for the North Dakota Consolidated Plan 1995-1999, NCHA's waiting list and the 1990 census. We looked at this information from the perspective of the required groups and for the factors set forth in the Interim Rule.

NCHA used this analysis to prepare our five-year goals and objectives. It reflects our priorities that we have set forth in our Mission Statement.

Finally, we are required to state how we intend to address our community's housing needs to the maximum extent practical. Our agency is part of the entire effort undertaken by Nelson County to address our jurisdiction's affordable housing needs. As stated above, there does not seem to be a significant need for additional affordable housing projects in our service area at this time. Although our current housing stock is of good quality, the stock is aging. There will be a need for moderate rehabilitation in the near future. While we cannot ourselves meet the entire need identified here, in accordance with our goals included in the Plan, we will try to address some of the identified needs by using appropriate resources to maintain and preserve our existing stock. When appropriate and feasible, we will apply for additional grants and loans from federal, state and local sources, including private sources to help meet these goals.

Attachment H: Results of Initial Assessment on Conversion

Results of initial assessment on conversion of Nelson County Housing Authority development (general occupancy) to tenant-based assistance: The Public Housing development would not meet all three tests or conversion.

1. Cost comparison (based on FY 2000 data)

a. Operating as a public housing development:

CFP grant:	\$ 40,200
Operating subsidy:	<u>\$ 42,399</u>
Total cost	\$ 90,599

b. Operating as tenant based assistance:

Administration fee:	\$ 11,259	(\$37.53 x 25 x 12)
HAP assistance:	<u>\$ 46,341</u>	
Total cost:	\$ 57,600	

c. Conversion would not be more expensive than continuing to operate the development as public housing.

2. Conversion would not principally benefit residents of public housing development to be converted and the communities.

a. Reason: Tenants would get less service. Our public housing has better tenant service than regular landlords in every aspect. That is caused by cost concerns of regular landlords. The conversion would have not affect on the community.

3. Conversion might adversely affect the availability of affordable housing in the community.

a. Reason: There is limited supply of two and three bedroom apartments in Nelson County. The demand for said apartments seems to be stronger than the recent past. Converting these apartments, especially the three bedroom units, would adversely affect the availability of affordable housing in the community.
